UNITED STATES V. TIMOTHY ORLAN TREIS, 2:16CR00266**

SUMMARY IN SUPPORT OF PETITION FOR WARRANT
February 14, 2020

Treis appeared before Your Honor on October 24, 2019, for a final revocation hearing for allegations of failure to report change in residence (absconding), substance abuse treatment violations, drug/alcohol testing violations, commission of a new crime, possessing controlled substances, and commission of another new crime. At the hearing, the Court opted to hold the revocation in abeyance, continue Treis on supervised release, and added special conditions of residential reentry center (RRC), C.A.R.E. Program, and cognitive behavioral treatment.

Treis started the C.A.R.E. Program on November 19, 2019, while residing at the RRC. On January 26, 2020, he was instructed to submit to a random drug test at the RRC by the undersigned officer. Prior to submitting the sample, Treis admitted that on January 24, 2020, he used methamphetamine while at the RRC. Treis signed an admission to drug use indicating the specifics behind his use of methamphetamine and stated he wishes to continue in the C.A.R.E. Program.

On January 30, 2020, Treis appeared for an Initial Appearance after being taken into custody on a warrant issued by the Court for the violation conduct noted above. On February 4, 2020, Treis was released on a personal recognizance bond under the same conditions of supervised release prior to the hearing. The Court later announced a date for revocation hearing as July 17, 2020. Treis reentered the C.A.R.E. Program the day after his release, where he served seven days custody.

Results from the drug test submitted by Treis on January 26, 2020, were received after his release on bond. The results indicated positive for methamphetamine and Buprenorphine (Suboxone). Treis had admitted previously to the use of methamphetamine but failed to disclose his use of Buprenorphine. On February 12, 2020, Treis was instructed to submit to a drug test by the undersigned officer while he was at the C.A.R.E. Program for counseling. Prior to submission of the sample, Treis admitted both verbally and in writing that he used methamphetamine on February 11, 2020, and that he obtained the drug from an individual on the bus while he was returning to the halfway house from C.A.R.E. The test submitted was presumptive positive for methamphetamine. Because of his continued drug use, Treis was discharged unsuccessfully from the C.A.R.E. Program.

As noted in the petition, Treis violated conditions related to drug use and the C.A.R.E. Program. While he states he is willing to complete the C.A.R.E. Program, it is apparent that he is not taking his substance abuse treatment seriously. Due to his continued drug use, both prior to the initiation of revocation proceedings and after, he is considered a danger to himself and the community. As such, the Probation Office respectfully requests the issuance of a warrant and to continue with revocation proceedings. It is recommended Treis remain in custody pending disposition of this matter, as both a flight risk and possible danger to the community.
